Summary of Pastoral Council Meeting

November 16, 2026

The Pastoral Council met on Monday, November 16, 2026. Many topics were discussed including making our parish community safer, more welcoming and improving our written communications to parishioners. The Council will draft a FlockNote addressing some parishioners' concerns to Father's November 13th note.

Second, Father and the Safety team signed a contract with Gatekeepers to update our safety measures. This will include updating locks, installing electronic locks and cameras to keep us safe as we meet and worship. The system will be installed over the next three months, giving the parish time to learn about the specific changes and what their impact will be.

Third, the parish is taking steps to improve our bulletin, website and Facebook presence. Finally, appreciation and thanks were given to the retiring Council Members, Deb Russell, Scott Reid, Mary Thayer, and Sara Harkins for their dedication for their many, many years serving on the Pastoral Council.
